

SOME PEOPLE WITH **ASTHMA** **OR COPD** DON'T GET VACCINATED AGAINST **FLU...**

If you have a lung condition like asthma or COPD, you are not only more likely to catch flu, you're also more likely to develop serious complications from it, such as pneumonia, or be admitted to hospital. The Department of Health advise vaccination to be your best option for protection, so make sure you have a flu jab each year.

Don't underestimate the risks of FLU. Book your jab today.

Reporting of side effects. If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in the package leaflet. You can also report side effects directly via the Yellow Card Scheme at: www.mhra.gov.uk/yellowcard.
By reporting side effects you can help provide more information on the safety of this medicine.
